Luxurious Silk experience Artistic Kimono craft

The hand-painted Yuzen is an artistic craft experience on pure silk fabric produced by ITOKO, a long-established Kimono white silk textile company. This workshop is to put colors with brush inside the pattern lines already painted and to decorate it with the gold leafing techniques. Your finished artwork is set in acrylic panel-frames and you can take it home on that day.

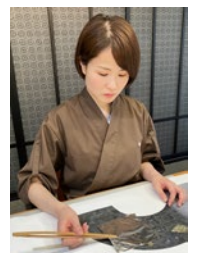

It would be our pleasure to assist you for your first special experience.
